Workshop

Cost □3 <1

Some simple crafting tools for making small or medium projects aboard the ship.

Fabricator

Cost $\square 7$ $\diamond 1$ $\lesssim 2$

A 3D fabrication printer and more advanced tools let you craft more complex and larger things. The setup also includes several materials for making potions, medicine, and enchantments. The better facilities let you keep up with your craft, giving a +1 item bonus to Crafting until you long rest while off the ship. The bonuses come back once you long rest on the ship.

Atomic Reassembler

Cost □12 ◇3 ↗3

A high-tech atomic reassembler allows for fine manipulation of materials. Can turn □12 into ◇1 or ◇1 into □9. Can also convert □1 into □□2 or ◇1 into □□20.
